SECTION III

TARGETS FOR PRIORITY SECTOR LENDING BY SCHEDULED COMMERCIAL BANKS (EXCLUDING RRBS)

1. MAIN TARGETS FOR ALL SCHEDULED COMMERCIAL BANKS EXCLUDING FOREIGN BANKS

1.1 The scheduled commercial banks are expected to enlarge credit to priority sector and ensure that priority sector advances (which includes the SSI sector) constitute 40 per cent of net bank credit.

1.2 While there is no sub-target fixed for lending to SSI sector banks may fix self set target for growth in advances to SSI sector over the previous year's achievement and overall trends in growth of net bank credit.

1.3 In order to ensure that credit is available to all segments of the SSI sector, banks should ensure that -

- (a) 40 per cent of the total credit to small scale industry goes to the cottage industries, khadi & village industries, artisans and tiny industries with investment in plant and machinery up to Rs. 5 lakh;
- (b) 20 per cent of the total credit to small scale industry goes to SSI units with investment in plant and machinery between Rs. 5 lakh and Rs. 25 lakh; and
- (c) The remaining 40 per cent goes to other SSI units with investment exceeding Rs. 25 lakh.

2. TARGETS FOR FOREIGN BANKS

2.1.1 Within the overall target of 32 per cent to be achieved by foreign banks, the advances to small scale industries sector should not be less than 10 per cent of the net bank credit and the export credit should not be less than 12 per cent of the net bank credit.

[The net bank credit should tally with the figures reported in the fortnightly return submitted under section 42(2) of the Reserve Bank of India Act, 1934. Outstanding deposits under the FCNR (B) and NRNR Schemes are excluded from net bank credit for computation of priority sector lending target/ sub-targets. However, as the NRNR scheme has been discontinued, the existing accounts under NRNR account scheme may be continued only up to the date of maturity as advised vide circular DBOD. DIR. BC. 93/13.01.09/2001-02 dated April 29, 2002.]

3. DEPOSIT BY FOREIGN BANKS WITH SIDBI TOWARDS SHORTFALL IN PRIORITY SECTOR LENDING

3.1 In the event of failure to attain the stipulated targets and sub-targets, the foreign banks will be required to make good the shortfall in the achievement of the targets / sub-targets by depositing, an amount equivalent to the shortfall with the Small Industries Development Bank of India (SIDBI).

- a)** The shortfall will be placed with SIDBI by foreign banks for a period for a tenor of 3 (three) years.
b) The funds placed with SIDBI will have a graded interest rate structure linked to the Bank Rate as in the case of RIDF scheme for Public Sector Banks.

Sr. No.	Shortfall in lending to Priority Sector Target (32%)/ Sub-Targets for SSI-(10%)and Export credit(12%) to Net Bank Credit whichever is higher.	Rate of interest on the entire deposit to be made with SIDBI (Per cent per annum)
1	Less than 2 percentage points	Bank Rate (6% at present)
2	2 and above, but less than 5 percentage points	Bank Rate minus 1 percentage point
3	5 and above, but less than 9 percentage points	Bank Rate minus 2 percentage points
4	9 percentage points and above	Bank Rate minus 3 percentage points

c) SIDBI will pass on the lower interest rates to the borrowers.

N.B. Above instructions would be made effective from the financial year 2005-06.

3.2 The shortfall in achieving the priority sector lending target and the sub-targets should be computed as on the last reporting Friday of March every year and made good by placing a deposit with SIDBI as stated above. The deposits should be placed before the end of April of that year.

3.3 In regard to the above, it is to be clarified that in the event of failure on the part of foreign banks to achieve any of the stipulated sub-targets in respect of advances to SSI sector and export credit, even if they achieve the overall target of 32 per cent, the shortfall should be made good by placing with SIDBI a deposit of an amount equivalent to the shortfall in each of the sub-targets. Also, in the event of failure on the part of banks to achieve one of the sub-targets or both the sub-targets, and also the overall target of 32 per cent, the shortfall in achieving the sub-targets and the overall target should be made good by placing with SIDBI a deposit of an amount equivalent to i) aggregate shortfall in the sub-targets, or (ii) the shortfall in the overall target, whichever shortfall is higher. In case the shortfall is in achievement of the overall target only and not in the sub-target, banks should make good the shortfall in achieving the overall target.

3.4 The outstanding balances of these deposits placed with SIDBI may be reckoned as part of their priority sector advances during the currency of the deposits, as indirect finance to SSI. The amount of deposits should, however, be shown separately in the returns on priority sector advances submitted to RBI.

SECTION IV

COMMON GUIDELINES/ INSTRUCTIONS FOR LENDING TO SSI SECTOR

1. Based on the recommendations made by the Working Groups and High Powered Committees, appointed by the Government of India and the Reserve Bank of India, a set of comprehensive guidelines to be followed for advances to all categories of borrowers in the SSI sector were evolved.

2. PROCESSING OF APPLICATIONS

2.1 Issue of Acknowledgement of Loan Applications

Banks should give acknowledgement for loan applications received from the borrowers towards this purpose, while getting fresh stocks of application forms printed, it may be ensured that these forms have perforated portion for acknowledgement to be completed and issued by the receiving branch. Each branch may affix on the main application form as well as the corresponding portion for acknowledgement, a running serial number. While using the existing stock of application forms till then, an acknowledgement (separately prepared) should be given for each application, care being taken to ensure that the serial number given on the acknowledgement is also recorded on the main application.

2.2 Disposal of Applications

All loan applications for SSI up to a credit limit of Rs. 25,000/- should be disposed of within 2 weeks and those up to Rs. 5 lakh within 4 weeks provided the loan applications are complete in all respects and accompanied by a 'check list'.

2.3 Register of Rejected Applications

A register should be maintained at branch wherein the date of receipt, sanction/rejection/disbursement with reasons therefor etc., should be recorded. The register should be made available to all inspecting agencies.

- 2.3.1** i) Rejection of applications for fresh limits/enhancement of existing limits should not be done without the approval of the next higher authority.
- ii) Sanction of reduced limits should be reported to the next higher authority immediately with full details for review and confirmation.

2.4 Collaterals

The limit for all SSI borrowal accounts for obtention of collateral security is Rs 5 lakh. Banks may on the basis of good track record and financial position of the SSI units, increase the limit of dispensation of collateral requirement for loans up to Rs.25 lakh (with the approval of the appropriate authority).

2.5 Composite loan

A composite loan limit of Rs.1crore can be sanctioned by banks to enable the SSI entrepreneurs to avail of their working capital and term loan requirement through Single Window.

2.6 Specialised SSI branches

Banks have been advised to open at least one Specialised SSI branch in each district. Further banks have been permitted to categorise their general banking branches having 60% or more of their advances to SSI sector as specialised SSI branches in order to encourage them to open more specialised SSI branches for providing better service to this sector as a whole.

2.7 Delayed Payment

Under the Amendment Act, 1998 of Interest on Delayed Payment to Small Scale and Ancillary Industrial Undertakings, penal provisions have been incorporated to take care of delayed payments to SSI units which inter-alia stipulates a) agreement between seller and buyer shall not exceed more than 120 days b) payment of interest by the buyers at the rate of one and a half times the prime lending rate (PLR) of SBI for any delay beyond the agreed period not exceeding 120 days. Further, banks have been advised to fix sub-limits within the overall working capital limits to the large borrowers specifically for meeting the payment obligation in respect of purchases from SSI.

2.8 Revised guidelines on rehabilitation of sick SSI units (based on Kohli Working Group recommendations)

As per the revised definition, a unit is considered as sick when any of the borrowal account of the unit remains substandard for more than 6 months or there is erosion in the net worth due to accumulated cash losses to the extent of 50% of its net worth during the previous accounting year and the unit has been in commercial production for at least two years. The revised criteria will enable banks to detect sickness at an early stage and facilitate corrective action for revival of the unit. As per the revised guidelines the rehabilitation package should be fully implemented within six months from the date the unit is declared as potentially viable/viable. During this six months period of identifying and implementing rehabilitation package banks/FIs are required to do "holding operation" which will allow the sick unit to draw funds from the cash credit account at least to the extent of deposit of sale proceeds.

Following are broad parameters for grant of relief and concessions for revival of potentially viable sick SSI units:

- | | |
|---------------------------------|---|
| (i) Interest on Working Capital | Interest 1.5% below the prevailing fixed / prime lending rate, wherever applicable |
| (ii) Funded Interest Term Loan | Interest Free |
| (iii) Working Capital Term Loan | Interest to be charged 1.5% below the prevailing fixed / prime lending rate, wherever applicable |
| (iv) Term Loan | Concessions in the interest to be given not more than 2 % (not more than 3 % in the case of tiny / decentralised sector units) below the document rate. |
| (v) Contingency Loan Assistance | The Concessional rate allowed for Working Capital Assistance. |

2.8.1 State Level Inter Institutional Committee

In order to deal with the problems of co-ordination for rehabilitation of sick small scale units, State Level Inter-Institutional Committees (SLIICs) have been set up in all the States. The meetings of these Committees are convened by Regional Offices of RBI and presided over by the Secretary, Industry of the concerned State Government. It provides a useful forum for adequate interfacing between the State Government Officials and State Level Institutions on the one side and the term lending institutions and banks on the other. It closely monitors timely sanction of working capital to units which have been provided term loans by SFCs, implementation of special schemes such as Margin Money Scheme of State Government, National Equity Fund Scheme of SIDBI, and reviews general problems faced by industries and sickness in SSI sector based on the data furnished by banks. Among others, the representatives of the local state level SSI associations are invited to the meetings of SLIIC which are held quarterly. A sub-committee of SLIIC looks into the problems of individual sick SSI unit and submits its recommendations to the forum of SLIIC for consideration.

2.9 Technology upgradation

Banks have been advised to develop schemes to encourage investment by SSI units in technology up-gradation. Government of India has also introduced the scheme of Credit Linked Capital Subsidy for the up-gradation of the Small Scale Industries.

2.10 Cluster Approach

60 clusters have been identified by the Ministry of SSI, Government of India for focused development of SSIs. All SLBC Convenor banks have been advised to incorporate in their Annual Credit Plans, the credit requirement in the clusters identified by the Ministry of SSI, Government of India.

As per Ganguly Committee recommendations banks have been advised that a full-service approach to cater to the diverse needs of the SSI sector may be achieved through extending banking services to recognized SME clusters by adopting a 4-C approach namely, Customer focus, Cost control, Cross sell and Contain risk. A cluster based approach to lending may be more beneficial:

- (i) in dealing with well-defined and recognized groups;
- (ii) availability of appropriate information for risk assessment and
- (iii) monitoring by the lending institutions.

Clusters may be identified based on factors such as trade record, competitiveness and growth prospects and/or other cluster specific data.

3. MODE OF DISBURSEMENT OF LOAN

As far as possible, disbursement of loan amounts sanctioned should be made directly to the suppliers of inputs such as raw materials, implements, machinery, etc. However, banks may continue the practice of obtaining receipts from borrowers.

4. REPAYMENT SCHEDULE

4.1 Repayment programme should be fixed taking into account the sustenance requirements, surplus generating capacity, the break-even point, the life of the asset, etc., and not in an "ad hoc" manner. In respect of composite loan up to Rs. 50,000/- to artisans, village and cottage industries, repayment schedule may be fixed for term loan component only (subject to SIDBI's requirements being fulfilled).

4.2 In the case of other borrowers affected by natural calamities, banks may convert drawings in excess of the value of security into a term loan repayable over a reasonable period of time and provide further working capital and extend/re-phase the instalments due under term loans.

5 RATES OF INTEREST

As per extant guidelines the banks are required to fix their own prime lending rates (PLRs) and the maximum band over the PLR. The interest rates on loans up to Rs.2 lakh should not exceed the PLR and that beyond Rs.2 lakh is left to the discretion of the banks subject to PLR and the maximum bands. The banks have been advised to accord SSI units with a good track record the benefit of lower spreads over the PLR. Banks have been advised to set the interest rate on advances keeping in view prevailing general southward movement in interest rates. The banks have been further advised to fix at least 3 slabs for advances to SSI sector.

6. PENAL INTEREST

6.1.1 6.1.1 The issue of charging penal interests that should be levied for reasons such as default in repayment, non-submission of financial statements etc. has been left to the Board of each bank. Banks have been advised to formulate policy for charging such penal interest with the

approval of their Boards, to be governed by well accepted principles of transparency, fairness, incentive to service the debt and due regard to difficulties of customers.

- 6.1.2 6.1.2 No penal interest should be charged by banks for loans under priority sector up to Rs 25,000 as hitherto. However, banks will be free to levy penal interest for loans exceeding Rs 25,000, in terms of the above guidelines.

7. SERVICE CHARGES / INSPECTION CHARGES

- 7.1.1 No service charges/inspection charges should be levied on priority sector loans up to Rs. 25,000/-

- 7.1.2 For loans above Rs. 25,000/- banks will be free to prescribe service charges with the prior approval of their Boards in terms of circular No. DBOD.Dir.BC.86/03.01.00/99-2000 dated September 7, 1999.

8. INSURANCE AGAINST FIRE AND OTHER RISKS

- 8.1 Banks may waive insurance of assets financed by bank credit in the following cases:

No.	Category	Type of Risk	Type of Assets
(a)	All categories of priority sector advances upto and inclusive of Rs. 10,000/-	Fire & other risks	Equipment and current assets
(b)	Advances to SSI sector upto and inclusive of Rs. 25,000/- by way of - <ul style="list-style-type: none"> • Composite loans to artisans, village and cottage industries • All term loans • Working capital where these are against non-hazardous goods 	<p style="text-align: center;">Fire</p> <p style="text-align: center;">Fire</p> <p style="text-align: center;">Fire</p>	<p style="text-align: center;">Equipment and current assets</p> <p style="text-align: center;">Equipment</p> <p style="text-align: center;">Current Assets</p>

9. PHOTOGRAPHS OF BORROWERS

While there is no objection to taking photographs of the borrowers, for purposes of identification, banks themselves should make arrangements for the photographs and also bear the cost of photographs of borrowers falling in the category of Weaker Sections. It should also be ensured that the procedure does not involve any delay in loan disbursement.

10. DISCRETIONARY POWERS

All Branch Managers of banks should be vested with discretionary powers to sanction proposals from weaker sections without reference to any higher authority. If there are difficulties in extending such discretionary powers to all the Branch Managers, such powers should exist at least at the district level and arrangements be ensured that credit proposals on weaker sections are cleared promptly.

11. MACHINERY TO LOOK INTO COMPLAINTS

- 11.1.1 There should be a machinery at the regional offices to entertain complaints from the borrowers if the branches do not follow these guidelines, and to verify periodically that these guidelines are implemented by the branches in actual practice.

- 11.1.2 The names and addresses of the officer with whom complaints can be lodged should be displayed on the notice board of every branch.

12. AMENDMENTS

These guidelines are subject to any instructions that may be issued by the RBI from time to time.

13. Committees on flow of Credit to SSI sector

13.1 Report of the Committee to Examine the Adequacy of Institutional Credit to SSI Sector and Related Aspects (Nayak Committee)

The Committee was constituted by Reserve Bank of India in December 1991 under the Chairmanship of Shri P. R. - i) give preference to village industries, tiny industries and other small scale units in that order, while meeting the credit requirements of the small scale sector;
- ii) grant working capital credit limits to SSI units computed on the basis of minimum 20% of their estimated annual turnover whose credit limit in individual cases is upto Rs.2 crore [since raised to Rs.5 crore];

- vii) open specialised SSI bank branches or convert those branches which have a fairly large number of SSI borrowal accounts, into specialised SSI branches;
- viii) identify sick SSI units and take urgent action to put them on nursing programmes;
